

IHRSA PASSPORT PROGRAM TERMS

1. Background

The IHRSA Passport Program gives members of participating clubs access to a worldwide network of health clubs when traveling. Guest fees at Passport clubs are discounted by 25%.

The IHRSA Passport Program is not intended for temporary membership privileges, or for transferring a membership. It is designed for use on a short-term visitation basis only.

Passport guests must honour each club's rules and regulations regarding guest fees, guest hours, visitation frequency, etc. Not all IHRSA clubs choose to participate in the IHRSA Passport Program, and only IHRSA member clubs are eligible.

2. Requirements

The IHRSA Passport Program is a reciprocal program. Participation in the IHRSA Passport Program entitles participating clubs' members to receive a 25% discount on one-day passes at Passport clubs through the TrainAway platform. Participation also requires participating clubs to welcome Passport guests at their clubs through the TrainAway platform, and offer a 25% discount on one-day passes

3. Price

The Passport club sets the price of their guest pass. TrainAway acts as a service provider. As such, TrainAway will receive a service fee for connecting Passport guests with the Passport clubs. The service fee amounts to 25% of the value of all passes sold to the Passport club via the TrainAway platform. The remaining 75% of the value of all passes sold will be remitted monthly to the Passport club via [TransferWise](#). The Passport club will receive a monthly activity report within the first 10 working days of each month.

4. Ensuring Proper Use of Passport

Passport users are identified through a invitation code distributed to the participating clubs that is to be used when creating an account on the TrainAway platform. The invitation code is changed every 3 months in order to ensure that it is not available to users who have cancelled their membership at a participating Passport club or who otherwise are not eligible for Passport benefits. This code allows IHRSA and TrainAway to identify the user's home gym and activate the discount at clubs that are located at least 50 miles/80 kilometers away from their home gym.

Please also see the [TrainAway Cooperation Agreement](#).
